Activax is pleased to announce the launch of the program “Open Investment - Spread Love” (the “Program”) aimed at providing urgent support to communities affected by severe flooding in Hanoi and northern provinces.

According to the Department of Dyke Management and Disaster Prevention (September 13), Typhoon Yagi has resulted in 233 fatalities, 103 missing persons, and the destruction of hundreds of thousands of homes along with numerous infrastructures. In light of this critical situation, Activax has initiated the “Open Investment - Spread Love” program to express our solidarity with the community in alleviating the suffering caused by the devastation from Typhoon Yagi in Hanoi and the northern provinces.
